MEMORANDUM FOR: Headquarters, USAF  
AFCIG-5, Room 4-E-1085  
The Pentagon

Attention: Lt Colonel L. P. Geary

SUBJECT : Increased Personnel Requirements - Edwards AFB

25X1

1. In connection with the proposed move of certain activities of this Project from [redacted] to Edwards Air Force Base in the near future, we would like to point out that this move will place an increased burden on the current Base personnel insofar as drivers for F-6 fuel trailers and passenger buses are concerned.

25X1

2. Although [redacted] has agreed to our temporary utilization of Project-detailed airmen composing the fire crew as truck drivers, he has expressed Air Force policy that this utilization of such airmen, outside of their AFSC, should not be continued indefinitely. It is recommended that steps be taken to augment the Edwards Air Force Base T/O by three (3) General Duty Truck Drivers in order to handle the extra burden imposed by the presence of our activities. It is further suggested that clearances on these individuals might be handled expeditiously by your Office in order to secure the early assignment of the required personnel. You will understand that this procedure would be preferable to the assignment of such Truck Drivers to this organization inasmuch as the clearance requirements in the latter case would require a considerable length of time.
